Independent Auditors' Report

To the Board of Directors
 PAVE Southeast Raleigh Charter School
 Raleigh, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the PAVE Southeast Raleigh Charter School, as of and from inception through June 30, 2016, and the related notes to the financial statements, which collectively comprise the PAVE Southeast Raleigh Charter School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the PAVE Southeast Raleigh Charter School as of June 30, 2016, and the respective changes in financial position from inception through June 30, 2016 and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 8 through 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the PAVE Southeast Raleigh Charter School's basic financial statements. The individual non-major fund financial statements, budgetary schedules and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The individual non-major fund financial statements, budgetary schedules, as well as the accompanying Schedule of Expenditures of Federal and State Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, individual non-major fund financial statements, budgetary schedules, and the accompanying Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 17, 2016 on our consideration of PAVE Southeast Raleigh Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PAVE Southeast Raleigh Charter School's internal control over financial reporting and compliance.

Management's Discussion and Analysis
PAVE Southeast Raleigh Charter School
June 30, 2016

As management of PAVE Southeast Raleigh Charter School, we offer readers of PAVE Southeast Raleigh Charter School's audited financial statements this narrative overview and analysis of the financial activities of PAVE Southeast Raleigh Charter School for the fiscal year ended June 30, 2016. We encourage readers to read the information presented herein in conjunction with additional information that we have furnished in the School's financial statements, which follow this narrative.

Financial Highlights

- The assets of PAVE Southeast Raleigh Charter School exceeded its liabilities and deferred inflows at the close of the fiscal year by \$271,473 (*net position*).
- As of the close of the current fiscal year, PAVE Southeast Raleigh Charter School's governmental funds reported combined ending fund balances of \$160,111.
- The State funded Average Daily Membership (ADM) was 115 for its first year of operations, 2015-2016.
- PAVE Southeast Raleigh Charter School entered into a \$7,076,370 thirty year lease agreement (with option to renew) with PAVE 3420 Idlewood Village, LLC for the building in which the school is located.
- PAVE Southeast Raleigh Charter School's long-term debt outstanding in association with the building lease agreement totals \$7,060,938.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to PAVE Southeast Raleigh Charter School's basic financial statements. The School's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two distinct financial perspectives of the School through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of PAVE Southeast Raleigh Charter School.

Management's Discussion and Analysis

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the School's financial standing.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual segments of the School's government and are more detailed than the government-wide financial statements. There are two parts to the Fund Financial Statements: 1) the governmental funds statements; and 2) the proprietary fund statements.

Immediately following the fund financial statements are the **Notes to the Financial Statements** (i.e. "Notes"). The Notes offer a detailed explanation of the data contained in those statements. Next, **supplemental information** is provided to show details about the School's funds. Budgetary information for the School can also be found in this section of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the School's finances, similar in format to the financial statements of a private-sector business. The government-wide statements provide short and long-term information about the School's financial status, as a whole.

The two government-wide statements report the School's net position and how they have changed. Net position equals the difference between the School's total assets and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the School's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities; and 2) business-type activities. The governmental activities include most of the School's basic functions such as instructional services and business services. These functions are funded almost entirely through state, county, and federal educational funds. The business-type activities are those services that the School charges its students and other customers. These include the School Food services carried out by PAVE Southeast Raleigh Charter School.

The government-wide financial statements are enumerated in Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the School's most significant activities. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. PAVE Southeast Raleigh Charter School, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related statutory requirements, such as the North Carolina General Statutes or the School's budget ordinance, where and when applicable. All of the funds of PAVE Southeast Raleigh Charter School can be divided into two categories: governmental funds and proprietary funds.

Management's Discussion and Analysis
PAVE Southeast Raleigh Charter School
June 30, 2016

Governmental Funds – Governmental funds are used to account for functions reported as governmental activities in the government-wide financial statements. Most of the School's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and monies remaining at year-end that will be available for spending in the next fiscal year. Governmental funds are reported using the modified accrual accounting method, which provides a short-term spending focus. The governmental fund financial statements assist the reader in determining whether there has been an increase or a decrease in the financial resources available to finance the School's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in reconciliation, which is an integral part of the fund financial statements.

Although not compelled or required to do so by federal, state, or local law, PAVE Southeast Raleigh Charter School has elected to adopt an annual budget. Since the budget is not required by law, the budgetary comparison statements are not included in the basic financial statements, but are part of the supplemental statements and schedules following the notes. The budget incorporates input from the faculty, management, and the Board of Directors of the School and specifies which activities will be pursued and which services the School will provide during the year. It also authorizes the School to obtain funds from identified sources to finance current period activities. The budgetary statement demonstrates how well the School has complied with the budget ordinance and whether or not the School has succeeded in providing the services as originally planned.

Proprietary Funds – PAVE Southeast Raleigh Charter School has one proprietary fund, which is an enterprise fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. PAVE Southeast Raleigh Charter School uses enterprise funds to account for its School Food service functions.

Notes to the Financial Statements – The notes provide additional information essential to facilitating a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 23 of this report.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as one useful indicator of a school's financial condition. The assets of PAVE Southeast Raleigh Charter School exceeded liabilities by \$271,473 as of June 30, 2016. The School's net position increased by \$271,473 for the fiscal year ended June 30, 2016. The amount of \$105,264 reflects the School's investment in capital assets (e.g. leasehold improvements, computer equipment, and furniture and equipment); less any related debt still outstanding that was issued to acquire those items. PAVE Southeast Raleigh Charter School uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although PAVE Southeast Raleigh Charter School's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. The remaining balance of \$166,209 is unrestricted.

Several aspects of the School's financial operations positively influenced the total unrestricted governmental net assets:

- The School adopted an annual budget. The School's performance was measured using this budget on a monthly basis, allowing changes to be made in spending as needed to remain within the confines of the budget.
- The School applied for and was awarded federal grants to assist with meeting the educational needs of the student population.

Governmental activities. Governmental activities increased the School's net position by \$288,070 before a transfer of \$24,080 was made to the business-type activities.

Business-type activities. Business-type activities decreased PAVE Southeast Raleigh Charter School's net position by \$16,597, before a transfer of \$24,080 was received from the governmental activities.

The School elects to continue to operate the School Lunch Fund to meet the daily dietary demands of the student population. The school considers a nutritional program an essential part of a healthy learning environment. The School received \$69,655 of federal reimbursement funds in the School Lunch Fund.

Financial Analysis of the School's Funds

As noted earlier, PAVE Southeast Raleigh Charter School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of PAVE Southeast Raleigh Charter School's governmental funds is to provide information on near-term inflows, outflows, and balances of usable financial resources. Such information is useful in assessing PAVE Southeast Raleigh Charter School's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

Management's Discussion and Analysis
PAVE Southeast Raleigh Charter School
June 30, 2016

The general fund is the chief operating fund of PAVE Southeast Raleigh Charter School. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$155,622, while total fund balances reached \$160,111.

Proprietary Funds. The School's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the School Lunch Fund amounted to \$6,098. Other factors concerning the finances of this fund have already been addressed in the discussion of the School's business-type activities.

Capital Asset and Debt Administration

Capital assets. PAVE Southeast Raleigh Charter School's investment in capital assets for its governmental and business-type activities as of June 30, 2016, totals \$7,164,817, (net of accumulated depreciation). Capital assets include land, construction in progress, Building, Land improvements, electronic equipment and furniture and equipment, as well as kitchen equipment.

The School expended \$7,076,370 for the Building. The School also purchased \$80,562 of electronic equipment and \$44,240 of furniture and equipment.

Additional information about the School's capital assets can be found in Note III.A.2. of the Basic Financial Statements.

Long-Term Debt. As of June 30, 2016, PAVE Southeast Raleigh Charter School had total outstanding debt of \$7,060,938. The debt consists of the lease agreement for the building with PAVE 3420 Idlewood Village, LLC.

Management's Discussion and Analysis
PAVE Southeast Raleigh Charter School
June 30, 2016

Economic Factors

The following key economic indicators reflect the growth and prosperity of the School:

- The response to the School's expansion shows The School's stability and desirability in the community.
- The school is expecting to double its enrollment in the upcoming year.
- ADM per pupil funding from North Carolina increased by \$183.82 or 4.12% compared with the previous year.

Requests for Information

This report is designed to provide an overview of the School's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Director of Finance and HR, PAVE Schools, 238 Conover Street, Brooklyn, NY 11231, telephone (718) 858-7813.

PAVE Southeast Raleigh Charter School
Notes to the Financial Statements
From Inception Through June 30, 2016

I. Summary of Significant Accounting Policies

The accounting policies of the PAVE Southeast Raleigh Charter School, North Carolina (School) conform to generally accepted accounting principles (GAAP) as applicable to governments. Charter schools are established by non-profit entities. Because of the authority of the State Board of Education (SBE) to unilaterally abolish a school with all the assets reverting to a local education agency, the charter schools in North Carolina follow the governmental reporting model, as used by local education agencies. The following is a summary of the more significant accounting policies.

A. Reporting Entity

The PAVE Southeast Raleigh Charter School is a public school operated by a local non-profit corporation, PAVE Southeast Raleigh Charter School, serving approximately 135 students. The School operates under an approved charter received from the SBE and applied for under the provisions of General Statute (G.S.) 115C-238.29B. G.S. 115C-238.29F(f)(1) states that a charter school shall be subject to the audit requirements adopted by the SBE, which includes the audit requirements established by G.S. 115C-447 of the School Budget and Fiscal Control Act (SBFCA). G.S. 115C-447 also requires financial statements to be prepared in accordance with GAAP.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the School. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the School. Governmental activities generally are financed through intergovernmental revenues and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the School and for each function of the School's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the School's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The School reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the School. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund.

PAVE Southeast Raleigh Charter School
Notes to the Financial Statements
From Inception Through June 30, 2016

State Public School Fund. The State Public School Fund includes appropriations from the Department of Public Instruction for specific operating needs of the public school system and is reported as a special revenue fund.

The School reports the following major enterprise fund:

School Food Service Fund. The School Food Service Fund is used to account for the food service program within the school system.

C. Measurement Focus and Basis of Accounting

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the School gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. These could include federal, State, and county grants, and some charges for services. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the School funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the School's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

D. Budgetary Data

Annual budgets are adopted for all funds. All budgets are prepared using the modified accrual basis of accounting.

The governing board has voluntarily established the policy, as a sound business practice, that expenditures may not exceed appropriations, for all of the School's funds, based on the adopted budget and subsequent amendments. During the year, several amendments to the original budget were necessary, the effects of which were not material. The budget presented in the supplemental data represents the budget of the School at June 30, 2016. All appropriations lapse at year end.

E. Assets, Liabilities, Deferred Outflows and Inflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the School are made in a local bank, whose accounts are FDIC insured.

PAVE Southeast Raleigh Charter School
Notes to the Financial Statements
From Inception Through June 30, 2016

2. Cash and Cash Equivalents

The School pools money from several funds to facilitate disbursement and investment and to maximize investment income. All cash and investments with original maturities of three months or less are considered cash and cash equivalents.

3. Inventories and Prepaid Items

The inventories of the School are valued at cost, and the School uses the first-in, first-out (FIFO) flow assumption in determining cost. Governmental fund inventories consist of supplies and are recorded as expenses when consumed. Proprietary fund inventories consist of food and supplies and are also recorded as expenses when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

4. Capital Assets

The School's donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other capital assets are recorded at original cost. The total of these estimates is not considered large enough that any errors would be material when capital assets are considered as a whole.

It is the policy of the School to capitalize all capital assets costing more than \$1,000 with an estimated useful life of two or more years. In addition, other items which are purchased and used in large quantities such as student desks and office furniture are capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. All depreciable assets are depreciated using the straight-line method of depreciation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated over the following estimated useful lives:

| | <u>Years</u> |
|----------------------------|--------------|
| Buildings | 30 |
| Computer Network Equipment | 5 |
| Computers | 3 |
| Furniture & Fixtures | 7 |
| Instructional Equipment | 5 |
| Software | 3 |

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The School has no items that meet this criterion. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The School had unavailable grant revenue during the year that meet the criterion for this category during the year. See Note III.B.4 for additional information.

PAVE Southeast Raleigh Charter School
Notes to the Financial Statements
From Inception Through June 30, 2016

6. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net position.

In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

7. Compensated Absences

The School allows eleven month full-time employees to use up to four personal days and four sick leave days each academic year. Eleven month part-time employees receive both personal and sick leave days on a prorated basis. Twelve month full-time employees are allowed to use up to four personal days, four sick leave days, and eleven vacation days for each academic year. Twelve month part-time employees receive personal, sick leave, and vacation days on a prorated basis. All personal, sick leave, and vacation days expire at the end of the year for all employees. Therefore, the School has no obligation for compensated absences and no accrual has been made.

8. Net Position/Fund Balances

Net Position

Net position in the government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through State statute.

Fund Balance

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of inventories which are not spendable resources.

Prepaid Items - portion of fund balance that is not an available resource because it represents the year-end balance of prepaid rent on the school facility which is not a spendable resource.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Committed Fund Balance – portion of fund balance that can only be used for specific purpose imposed by majority vote of School's governing body (highest level of decision-making authority). Any changes or removal of the specific purpose requires majority action by the governing bodies that approved the original action.

**PAVE Southeast Raleigh Charter School
Notes to the Financial Statements
From Inception Through June 30, 2016**

Assigned fund balance – portion of fund balance that PAVE Southeast Raleigh Charter School intends to use for specific purposes.

Subsequent year’s expenditures – portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed. The governing body approves the appropriation; however the budget ordinance authorizes the Director to modify the appropriations by resource or appropriation within funds up to \$5,000.

Assigned for Clubs and Activities funds - revenue sources restricted for expenditures for the various clubs and organizations, athletic events, and various fund raising activities for which they were collected.

Unassigned fund balance – the portion of fund balance that has not been assigned to another fund or restricted, committed, or assigned to specific purposes within the General Fund.

PAVE Southeast Raleigh Charter School has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-board of education funds, board of education funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the School.

9. The governmental fund balance sheet includes reconciliation between governmental funds’ total fund balance and governmental activities’ net position as reported in the government-wide statement of net position. The net adjustment of \$103,879 consists of several elements as follows:

| <u>DESCRIPTION</u> | <u>AMOUNT</u> |
|---|-------------------|
| Capital assets used in governmental activities are not financial resources are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column). | \$ 7,201,172 |
| Less accumulated depreciation | (36,355) |
| Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements: | |
| Bonds, leases, and installment financing | (7,060,938) |
| Compensated absences | - |
| Accrued interest payable | - |
| Total adjustment | <u>\$ 103,879</u> |

F. Revenues, Expenditures, and Expenses

1. Funding

The PAVE Southeast Raleigh Charter School is funded by the State Board of Education, receiving (i) an amount equal to the average per pupil allocation for the average daily membership (ADM) from the local school administrative unit allotments in which the school is located (i.e. Carolina County Board of Education) for each child attending the School except for the allocation for children with special needs and (ii) an additional amount for each child attending the School who is a child with special needs [G.S. 115C-238.29H(a)]. Additionally, the School receives, for each student who resides in the local administrative unit and attends the charter school, an amount equal to the per pupil local current expense appropriation to the respective local school administrative unit for the fiscal year which is transferred by the appropriate local school administrative unit(s). [G.S. 115C-238.29H(b)]. For the fiscal year ended June 30, 2016, the PAVE Southeast Raleigh Charter School received funding from the Boards of Education for Johnston County, and Wake County.

Furthermore, PAVE Southeast Raleigh Charter School has received donations of cash and/or equipment from private organizations. The cash has been used for the purchase of new equipment for the School's facilities.

2. Reconciliation between government-wide and fund statements

The governmental fund statement of revenues, expenditures, and changes in fund balance is followed by reconciliation between the change in governmental funds' fund balance and the change in governmental activities' net position as reported on the government-wide statement of activities. The net difference of \$103,879 between the two amounts consists of the following elements:

| <u>DESCRIPTION</u> | <u>AMOUNT</u> |
|---|-------------------|
| Capital outlay expenditures recorded in the fund statements but capitalized as assets on the statement of activities. | \$ 7,201,172 |
| Depreciation expense that is recorded on the statement of activities but not in the fund statements. | (36,355) |
| New debt issued during the year is recorded as a source of funds on the fund statements but has no effect on the statement of activities, only the statement of net position. | (7,076,370) |
| Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements. | 15,432 |
| Total | <u>\$ 103,879</u> |

B. Liabilities

1. Pension Plan Obligations

a. Retirement Plan

Plan Description - PAVE Southeast Raleigh Charter School offers a 401(k) retirement plan with ADP. Plan members could contribute up to \$18,000 of their annual salary and the School would match up to 2% of their annual salary. The School contributed \$8,323 to the plan during the period, with the employees contributing \$18,466.

2. Risk Management

The School is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School maintains general liability and errors and omissions insurance coverage of \$1 million per occurrence with a commercial carrier.

The School has obtained a major medical insurance policy for its personnel through a commercial insurer. Through the plan, permanent, full-time employees of the School are eligible to receive health care benefits.

The School carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year and claims have not exceeded coverage in any of the past two fiscal years.

3. Long-Term Obligations

a. Capital Leases (Related Party)

The School entered into a lease agreement with PAVE 3420 Idlewood Village, LLC (a related party) for a building. The present value of the base rent lease payments is greater than 90% of the asset's market value, and therefore this lease is classified as a capital lease. The obligations have been recorded at the fair market value at the date of inception of the lease.

4. Deferred Inflows of Resources

The balance in deferred inflows of resources at year end is composed of the following:

| Year Ending June 30 | Unavailable Grant Revenue |
|---------------------|------------------------------|
| 2017 | \$ 800,000 |
| 2018 | 200,000 |
| Total | \$ 1,000,000 |

C. Fund Balance

PAVE Southeast Raleigh Charter School has a revenue spending policy that provides policy for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: federal funds, State funds, local non-School funds, PAVE Southeast Raleigh Charter School funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the School.

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

| | |
|--|------------|
| Total fund balance | \$ 160,111 |
| Less: | - |
| Prepaid Items | 4,489 |
| Appropriated Fund Balance in 2017 budget | - |
| Remaining Fund Balance | \$ 155,622 |

PAVE Southeast Raleigh Charter School fund balance from inception to the year ended June 30, 2016 of \$160,111 encompasses the activities prior to July 1, 2015 resulting in a fund balance of \$85,775, and a fund balance \$74,336 for the activities during the year ended June 30, 2016.

IV. Commitments

The School has entered into a contract for the provision of waste services until June 30, 2018. Obligations under this agreement are \$1,274 per year. The School paid \$1,507 under the terms of this agreement during the year ended June 30, 2016.

The School has entered into an operating lease for the use of a building until June 30, 2020. Obligations under this agreement are \$86,436 per year. The School paid \$87,747 under the terms of this agreement during the year ended June 30, 2016.

V. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The School has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Internal Control over Financial Reporting

www.pmpcpa.com

In planning and performing our audit of the financial statements, we considered PAVE Southeast Raleigh Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of PAVE Southeast Raleigh Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

American Institute
Of Certified Public
Accountants

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether PAVE Southeast Raleigh Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on

compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major State Program

We have audited PAVE Southeast Raleigh Charter School's compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on PAVE Southeast Raleigh Charter School's major State program as of and for the year ended June 30, 2016. PAVE Southeast Raleigh Charter School's major State program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for PAVE Southeast Raleigh Charter School's major State program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in and applicable sections of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about PAVE Southeast Raleigh Charter School's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major State program. However, our audit does not provide a legal determination of PAVE Southeast Raleigh Charter School's compliance.

Opinion on Each Major State Program

In our opinion, PAVE Southeast Raleigh Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major State program as of and for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of PAVE Southeast Raleigh Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered PAVE Southeast Raleigh Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on a major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major State program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note to the Schedule of Expenditures of Federal and State Awards:

Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of the PAVE Southeast Raleigh Charter School under the programs of the federal government and the State of North Carolina for the year ended June 30, 2016. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of the PAVE Southeast Raleigh Charter School, it is not intended Federal Awards (Uniform Guidance) and the State Single Audit to and does not present the financial position, changes in net assets or cash flows of the PAVE Southeast Raleigh Charter School.

Indirect Costs

The School has not elected to charge a 10 percent de minimis indirect cost rate to its grants and has not elected to obtain a federal indirect cost rate.
